## welcome to orphanage stoikite-bg

Appeal for help for the children

[Date]

### TO WHOM IT MAY CONCERN

**Re; Orphanage in Stoikite, near Pamporovo, Bulgaria**

#### Passenger Information

Name .....

Contacts No. ....

Flight No. ....

Date: .....

Destination: .....

We are a fund raising organisation and as such we have appealed for help with clothing and articles for the children at the above-mentioned orphanage.

As background to why we are not yet a registered charity I recently made enquiries and took advice from the Charity Commission in London regarding registering as a Charity. They advised that the Fund Raising we are doing for the heating fund is completely legal and that they would not consider registering us as a charity unless at least £5,000+ was donated in any one year and guaranteed ongoing. It is our intention to continue supporting and helping the children in many ways in the future but for the time being we are simply trying to ensure that these children have warm clothing and essential items. For further information on what we are trying to achieve please visit our website.

I can therefore confirm that the holder of this letter whose details are listed above will be carrying luggage to Bulgaria intended for these children. I should therefore be extremely grateful if you would allow this passenger an additional luggage allowance for this purpose on this occasion.

Thanking you in advance for all your help and assistance.

Yours sincerely

*Andie Musson*
